

INDUSTRIAL LIGHTING RANGE

Chain Lighting

80W

Part No: PS-4B-80W

The ultimate solution in temporary lighting, Powersafe's range saves time and money whether being used in a construction, mining, or event application – quick to install and no bulbs to replace.

Easily and quickly installed and dismantled using a metal coupler on each dome lamp, the lights can be daisy-chained up to 150 metres.

The dome encasing the LED light is resistant to impact, and is IP65 rated, making these lights suitable for both indoor and outdoor use.

KEY FEATURES

- Commercial grade, high power LEDs, each producing 5000K white light
- Three metres between each LED module
- No bulbs to replace
- Minimal power draw – lower power costs
- IP65 waterproof rating (including plug and socket) – suitable for damp and wet locations
- Each lamp with a metal hook – easy to install and detach
- Can be daisy-chained to 150 metres
- Heavy duty, tough dome protected by a metal cage
- Misty cover protects, anti-dazzle design
- 240V AC 50 Hz
