

SMALL INDUSTRIAL RANGE

RB8 4-WAY PSOA

240v Rotary Switched Power Board

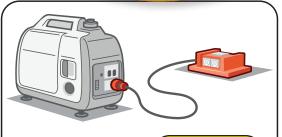

Designed as a plug-and-play, temporary distribution board for construction and industrial applications, the RB8 allows outlets to be padlocked in the off position.

Australian certified (AS3012, AS3190) for construction sites.

<u>Click for EESS Certification</u>

No. TUV024618EA

Type A: Offering greater protection when used with inverters or invertor generators.

For added peace of mind the RCD Duo™ can be fitted.
